---

Kathryn,

Thank you for your invitation for Tesoro to attend Monday's meeting. Dan and a couple of our local folks will attend the meeting in person, but I would also like to participate by phone (from San Antonio), if at all possible.

I can be reached at the meeting time at my desk number: 210-626-4134.

We look forward to talking with you Monday!

Regards,

Heather Harriss

Dear Mr. Maxwell;

EPA is requesting your attendance at the Northwest Oil Drain planning meeting at the Utah DERR Offices on August 22nd at 11:30 am. We need to discuss how Tesoro's actions will contribute to, and facilitate, the schedule for the Site Removal Activities.

Kathryn Hernandez

Subject: RE: Your voicemail

You're welcome. Be advised, until Heather executes the written agreement on the Tesoro property access, the work cannot begin on that parcel of property or the crossing.

Thanks, Dan

**Subject:** Re: Your voicemail

Dan,

As you may know, we have a pre-construction meeting with our contractor, Envirocon, at 10:00 AM this morning. They have begun mobilization at the NWOD canal and are scheduled to start building access roads tomorrow. Per our meeting with TESORO on August 3, 2011, we understand that TESORO requires three feet of soil cover (existing soil plus added fill to equal at least 3 feet) over the buried TESORO pipelines to protect the pipelines from our construction traffic from both trucks and excavators working over the pipelines. In order to protect Tesoro's buried pipelines, we are planning to add fill to provide at least three (3) feet of fill on top of the buried pipelines in our work areas. Please confirm that this is the only construction specification with which our contractors need to comply to protect Tesoro's pipelines.

regards,

Kevin R. Murray
